Domeny.pl SSL

WHITEPAPER

Overview and compatybility

DOMENY.PL CA SSL CERTIFICATES

This is the only SSL issuer on our website, which offers a certificate for a free monthly testing, and also provides novelty on the market: a solution dedicated just to intranets and the multi-domain option with the fastest domain validation.

The best advantages of Domeny.pl SSL CA certificates are: dedicated telephone support consultant, contact directly with CA experts and lower prices for security, which is based on proven world standards used for data protection.

Domeny.pl CA SSL offers certificates:

- 🔒 for all page and service types, {*use our searcher to find perfect certificate for your site: https://certyfikatyssl.pl/offer-ssl-certificates.html*}

- 🔒 DV, OV, EV,

- 🔒 secure 1 domain name (standard), secure unlimited subdomains (wildcard), secure different domains (multi-domain),

- 🔒 for free monthly testing,

- 🔒 dedicated especially to intranets.

All products ensure:

- 🔒 128-bit encryption (required standard nowadays) and/or 256-bit (maximum available on the market),

- 🔒 unlimited server licence,

- 🔒 compatibility with all most popular browsers:

- 🔒 security of main domain and with WWW prefix.
